Petting or talking to the dog breaks its concentration, which impairs the handler's ability to get around in his or her surroundings. These combinations are often repetitive, and sometimes quite novel, but rarely adaptive in the standard Darwinian sense. Please check back in the future for any potential expansion. BoardandTrainDogTraining. Pets can help children with learning disabilities learn how to regulate stress and calm themselves, making them better equipped to overcome the challenges of their disorder. A few weeks ago at a dog park in Boulder I was told that mounting and humping always is related to sex and when I tried to explain that this isn't so the person wouldn't listen to me. Findmeaningandjoyinlife. Aeonisnot-for-profitandfreefor. By participating alongside your dog as you toss the ball, or play tug, your dog is learning several valuable lessons; that good behavior is rewarded, that listening and obeying is fun, and that you are a pretty cool human to pay attention to! Think of dogs chasing cars instead of sheep, or kittens eyeing and stalking a ball of string.
