As such, it is not just next degree to nothing, but next door to the peculiar kind of nothing that is the space of thought. For, as Robert Boyle wrote in his *General History of the Air*, the Generality of Men are so accustomed to judg of things by their Senses, that not finding the Air to be a visible Body, they ascribe less to it than even the School-men do; and what is invisible, they think to be next Degree to nothing Works, xii, p. Can man live elsewhere than in air?
