But mostly Dead Jealous is very much centred around the plot and the mystery unravelling around Poppy and her friends. Dead Jealous is an intriguing mystery which keeps you rooted in suspense from beginning to end. This book was so scary!!! Paperbackpages.Actualrating-3.If the title isn't enough to give you a clue on what kind of read this is, then brace yourself for a story filled with mystery, Pagan rituals and a lot of things that will make you think if they're real or from your imagination.
